

# The 12th International Print Triennial GRAPHICA CREATIVA '09

**June 13th - Sept. 29th 2009 Jyväskylä Art Museum Kauppakatu 23 Jyväskylä, Finland**

**G**raphica Creativa is the oldest regularly organised international print triennial in Scandinavia. Organised for the 12th time in Jyväskylä, the exhibition is now looking for new and interesting cooperation projects in which graphic artists have been involved. The cooperation partners can be other graphic artists, artists, musicians, architects, authors, dancers, designers, etcetera. We are interested in already actualized projects, but we will also welcome plans for new cooperative projects. The exhibition is organized by The Graphica Creativa Society and Jyväskylä Art Museum. The works for the exhibition are selected by the exhibition jury from among the applications.

## RULES

### **Completed projects:**

- 1.** The artists/participants will fill out the entry form, in which they are asked to describe the project idea and the process itself and to name the participants. We will also want to know how the project is going to be executed at our exhibition, and the minimum space and technical equipment it requires.
- 2.** We will require CV's from all of the project participants.
- 3.** Photos or a video of the work to us give a detailed account of the completed project. In addition, at least three photos of works from all of the artists participating in the project.

### **Planned projects:**
